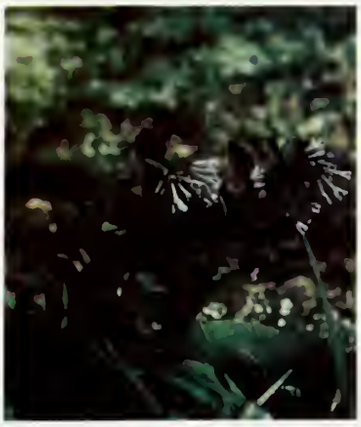
TECH IS BEAUTY . . . . .



TECH IS STUDENTS . . . . .

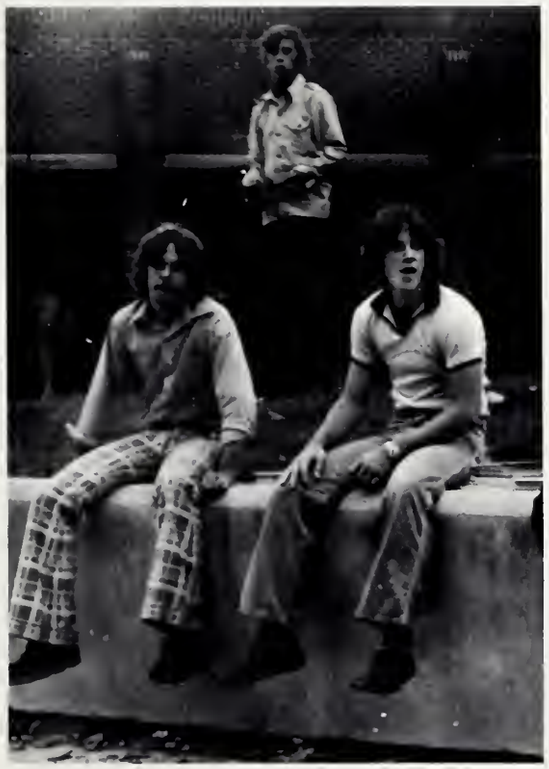
You! The ardent students of Technical high. You're what Tech's all about. Through you people become aware of the pride and educational capability of our school. Without us, the students, Tech couldn't have an existence. Tech moves in a cycle. Every year a new group of students comes in and an old group moves on. If this cycle should ever stop, then our 75 acre campus would just be an empty lot. We as the students of Tech and the life support system of this large and great school, are responsible for the image that people have of Tech. If this image is a good reflection of Tech, then we the students must keep the reflection clear to shine on forever. If this image is a bad reflection of Tech, then we the students must also solve the problems that falsely and mistakenly cripple our school. So to the incoming class I say start now with your part in making Tech your proud school. For those who are soon going to leave, I say to you, "You have been here for four years, the improvements and problems should be familiar to you." So set your final goal here at Tech to make the school what it can be and the school it should be.

This Titan enjoys relaxation.

Titans make use of the pool.

These Titans take care of the flag.

Mrs. Evelyn Wilson completed a course in Drivers Ed. last summer. In celebration of her accomplishment, Mrs. Wilson baked this cake.



These students wait for their next class.

Happy to see you again!!!

TECH IS PROGRESS . . . . .

Coming back to school in September, we were met with some changes. The new buildings on the Arsenal ground were all opened. A new pack of freshmen were all here, and a good percentage of Tech's staff. There were a few new teachers and a few returning for the second year. And, of course, many of those better known teachers were back.

Will Tech produce a promising young politician who could become president? Will Tech's teaching take a change to a college-like curriculum? Will Tech teachers all be required to have PHD's? If these things happen at Tech, they will happen at all IPS Schools, but where and why are these types of changes initiated? They start as ideas of each individual school to meet that school's needs. Being big, Tech has lots of needs. We must all pitch in to offer our share of ideas so that when we leave, our marks of strength will be here to help others in the future strive for improvement.

WHAT IS TECH: EDUCATION

Tech is . . . different things in the eyes of many people. To some it is devoting their time and efforts to sports and other extracurricular activities. To others Tech is interesting because of the unique classes it has to offer. Meeting new faces and opening minds is what Tech is all about to the teachers. Tech is learning and growth with new teachers, students, and buildings, helping to educate present and future generations. Tech is above all a great school. It has graduated such prominent people from artist to a Municipal Court Judge and will hopefully keep giving students a good push toward their goals.

AGELESS AND EVERGREEN

Rochelle Majors sings theme.

PROM 77

Ageless and Evergreen was the theme of the 1977 Junior and Senior Prom. The Prom was on Friday, May 6, 1977. It was held at the new Hyatt Regency Hotel downtown. Although the entire building was not yet completed, the Regency Ballroom where the Prom was held was completed. Now of course the entire building is complete. Many people who attended last year's Prom were bedazzled by the array of foods which would definitely be out of place at Tech's cafeteria. More than just the fun night, the Prom is also a night to socially uplift yourself.

Marching Band 1977

Tech's marching Titans strutted through another fine season under the direction of Lee Barricklow.

Entertaining at pregame and halftime at football games was just one of the bands activities. They also marched in the Veterans Day Parade.

Get those knees up and snap those corners were words often heard from Drum majors Jeff Berry and Diana Evens. Because of their demands for perfection and long hours of practicing, the marching band had many problems with attendance.It ended the season with thirty-eight hard working dedicated players and eighteen Titanettes.

Fourth Row: David Evans, Alex Strickling, Rhonda Heyob, Donald Hapner, Tom Going, Cathy Hood, Mike Payton.

Jr. Drum Major Diana Evans.

One, two, three, four, five, six, seven, eight. Smile! Straighten those arms out! Pick up those knees! These are familiar words to the Titanettes who practice every day during the ninth hour and after school.

The Titanettes, headed by three captains who are Pam Alcorn, Sandy Hannemann, and Darlene Woods, have had an exciting year. They performed at every home game; pre-game and half-time. They also appeared at Market Square in December for the Tech v. Mooresville game.

Being a Titanette is a lot of hard work and discipline, but it is more than worth it.

Kathy O'Neill, Robin Urban, Debbie Troxail, Kathy Upchurch, and Laura Myers all snap to the beat.

Seniors Pam Alcorn, Sandy Hannemann, Wonder Thompson, and Darlene Woods show their Twirling ability.

Closer to home the String Ensemble played for Tech's new building dedication dinner, and were seen on the Annual Christmas special. The Tech Speech Team is a voluntary extracurricular group open to any Tech student. It takes dependability, self-expression, self-discipline, hard work and desire. Dedicated members of the team drag themselves out of bed early on Saturday mornings ten to twelve times a year in the hopes of this time, bringing home a ribbon, the visible sign of achievement.

There are a number of catagories of speech from which prospective speakers may choose. Whatever your interests are, the Speech Team has something for you.

Latin

The Latin Club has done a number of things related to Roman life this year. It has had a Saturnalia party at Christmas time with Roman refreshments. It has dressed up in Roman togas, and members have put on several skits in Latin.

Foreign Language Clubs . . .

French

The French Club will be really getting into the swing. In March there was a Crepe Fete; in April, a tasting Bee for the fourth year. The Highlight of the year was an International Dinner and the International Center for all foreign language clubs.

Key Club provided many worthwhile services this year. They sold programs at each of the home football and basketball games, and also provided the fireworks at this year's homecoming. The fireworks had to be the most spectacular of all. At the end, the word we all love "TITANS" was lit up on the football field while the spirited crown roared with applause.

Probably noticeable around town were the posters for Christmas Seals. Key Club also sponsored a TOYS FOR TOTS program which assisted in getting presents for the handicapped children. They also could be seen wearing funny little aprons saying "I am an Arsenal Technical High School bell ringer for the Salvation Army . . ."

Mr. Arnold Lehman, the sponsor said of this year that it has been the busiest and best represented year he's had. He urges all to come and join Key Club for it is truly a rewarding experience. A quote from Tracie Woods, secretary, sums it all up. "Just seeing the glowing faces of all the handicapped kids when they woke up and saw that Santa came makes it worthwhile."

SAO . . .

Student Affairs Organization—What is it? What did they do? Well the year began with a "Pep Poster" contest sponsored by the SAO and Key Club for the "homecoming game". And from there they were rolling from a Rock-a-Thon to a Christian Concert. They also organized a school wide campus clean up. Plus a Thanksgiving and Christmas food drive. But perhaps the biggest achievement was reentering of the State and National SAO Council.

The officers are Tracie Woods, president, Frank Meid, vice-president, Marilyn Lucas, treasurer, and Carol James, Secretary.

Service Club

One of the most active clubs in school, The Service Club is just what its name implies, engaged in service to the school and the community. Christmas and Thanksgiving food baskets are only one of the many service projects that keep members busy and useful throughout the school year.

Varsity Track—77

The Titans climaxed an outstanding season with their third consecutive third place finish in the State meet. Tech was undefeated in dual meets and captured the City title once again.

Madison Miller was the top individual performer on this year's team. He set school records in the 100 yd. dash, 9.6, 220 yd. dash—21.0 and 440 yd. dash—49.2. Madison topped off a fine season by winning State championships in both the 100 and the 200.

Dale Henderson won the City title in the shot put with a throw of 60 ft.

Dennis McGuire vaulted 13'5" to win the City championship.

The Titan 880 relay team with the three Miller brothers, Gary, James, and Madison along with Terry Pritchard pulled away from all City teams to easily capture the City championship.

Since there is not a special tournament or invitational for the Reserve team most of the runners are looking forward to the 1978 Varsity team. There they can really gain recognition for their achievements.

Varsity Baseball Has 10-16 Season

Techs' Varsity Baseball Team started their season with enthusiasm but soon slacked off. They won 10 and lost 16 games.

The coach, Ivan Moreman thought team concentration and attitudes were the key factors for the bad luck our team suffered.

There were several good players this year. Buddy Quarrles was the leading hitter with .345 and Larry Hooks followed with .320. Leading fielders with the least number of errors were Gaylon McKinney and Fred Williamson.

Good promising athletes will be returning this season to make way to many Titan victories. They are catcher Infielder; Buddy Quarrles, 3rd baseman Terrance Chaney, Pitcher; Ronnie May, 1st Base; Gaylon McKinney.

Rebenack puts one over.

Reserve and Freshman Baseball 1977

The Reserve Baseball Team 1977 had their ups and downs in '77, and came out on the down side 6-11.

There was one player from the freshman team of the year before, thus giving coach Dave George a whole new team to work with.

The highlights of the season, came at the end when Freshman Joe Matheny pitched two consecutive 11-0 shutouts over Latin School and Washington. The win over Latin School was a no-hitter and Washington got only one hit.

The Freshman defeated Marshall with eight players and came out with a 4-2 record.

Get Back In The Swing Golfers 4-23

Golf 1977

The 1977 Golf Team unfortunately met their defeat last spring with a disastrous 4 and 23 season. Also this team had a lack of experience as it was built only on underclassmen.

Number one player was Lonnie Hockman; Number two, Donny Madison; Number three, Tim Kroger; and Number four Tim Freeman. Two are returning for sure says coach Mr. Cline. He also spoke on the fact that Tech being an inner city school. The atmosphere is not right for golf. There is a definite lack of interest. More should try out for golf. Lettermen in golf are: Lonnie Hockman, Donnie Madson, and Tim Freeman.

Front Row: Bruce Tetrick, Donald Madson, Robert Keithly. **Second Row:** J. Cline (coach), Lonnie Hockman, Tim Koger.

Girls' Tennis: A Bright Future

Phyllis Kriner goes after it.

Anita Wilburn shows determination.

The Girls' Tennis Team had a rebuilding year last season. The team was a young one consisting of 4 freshman, 2 sophomores, 2 juniors, and only 1 senior. Also no. 1 player Sally Gessner was lost, who was a main asset to the team.

Coach Bea Harding commented, "Carol James, Phyllis Kriner, and Monica Brooks all showed potential for freshmen and should be great asset to the team the next few years. We are definitely looking forward to a very bright future."

In the city tournament Kate Taube went to the semi-finals in #2 singles, and acted as Captain of the Girl's Tennis Team. Acting as Manager was Anita Wilburn.

First Row: Bill Anderson, Chris Poteet, Mark Spencer, Martin Jones. **Second Row:** Kip Foltz, Mike McDugal, Keith Mosley, Don Robinson (Coach). **Third Row:** Chris Gartrell, Bill Shinnamon, Harry Fox, Terrence Chaney.

The Boys' 1977 tennis team was a virtually young team losing only one senior, to return stronger and more confident next year. MVP and No. 1 player was Terrence Chaney, who went to the city finals and last to the eventual city champ. This year's team ended up in fourth place in the city. No. 2 player was Harry Fox, and No. 3 player was Chris Poteet. No. 1 Doubles this year was Jimmy VanHorn and Chris Gartrell.

Harry Fox gets into it.

Titans Show Strength In 1977-78 Season

Tech's Varsity Cross-Country team went undefeated in the 1977-78 season. Making vast improvements in strength and speed the Titan's beat such teams as Southport and Ben Davis by large margins.

The team also placed 2nd in the Washington Inv. and placed 1st in the Tech Inv. The team led by Nicky Edwards muscled their way to place 2nd in the City which was no surprise to anyone.

Coach McGeath says there are some runners returning and he has a lot of expectations for next years team.

The Freshman Football team for 1977 started out slow, losing their first four games. The freshman, however; did not give up and came back to win four of their last five games. The team showed potential and that they weren't going to quit. Individual talent was Geoffrey Davis, team captain, and Ira Cannon who won the "Most Valuable Player" award, and was also the score leader for the 1977 season. Halfbacks were Isodone Cosby and Joe Williams; Geoffrey Davis, Quarterback; and Ivy Cannon, Fullback.

Varsity Basketball 1977-78

The 1977-78 Varsity basketball season was an exciting one. The Titans ran the fast-break offense to perfection and their defense proved extremely stickly to many foes. With a nucleus of four (4) returning letterwinners and two (2) non-letterman from last year's 19-5 city championship team, it promised to be another good year for the Titans.

Returning letterman included three year varsity player Landon Turner, Tech's second high school "All American". Other lettermen returning from last year's team are: Jackie Thomas, Paul McMichael, Avery Johnson, Leonza Qurales, Anthony Boyd.

The Titans were led by a balanced scoring attack with Landon Turner, Paul McMichael, Jimmy Davis & Paul Allen scoring in double figures. Jackie Thomas, Tim Thomas and Eric Greene were usually close behind in excellent relief support.

Reserve Basketball 1977-78

The 1977-78 Reserve Basketball team had a fantastic season with a current record of 15-2. The team is composed of four juniors, eight sophomores, and one freshman. Mr. McDowell commented, "This is a really good group. Well rounded, they work good together as a team. It's impossible to pick out three or four main players. This is the best all around team since I coached Gilbert and Martin. I put each man on the floor to do his job and each man has done a fine job. I also feel there are many good prospects for Varsity next year, as there will be eight spots open on next year's team."

Reserve Titans rally to end the victors.

Freshman Basketball 1977-78

The 1977-78 Basketball Team met their unfortunate defeat last season with a final discouraging record of 6-11. Coach Dave George commented, "We had no big kids this year. They actually were the weakest freshman team I've had since I've been at Tech. This group lacked fundamentals, and along with poor shooting and mistakes at key times, we had a bad season."

Also was Dean Allen and Benny Sarver who placed third in the city, with Tracy Wilson and Tom Lawrence, fourth. Some acknowledgeable records were Greg Levell, 14-1; Gonzales Hillman, 14-1; Beeny Sarver, 14-3; Dean Allen, 13-2; and Kermit Mayes, 9-2. Coach Francis Knue gave an opinion of "Tech had many fine wrestlers this year, and I feel during a normal year most of the guys could make it on Varsity, and even place in the city tourney."

Freshman Take City Title

Tech Frosh Wrestling

On the night of February 7, 1978, the Titan Freshman Wrestling team was crowned City Champions by amassing a total 136½ points and five individual champions.

The victory was outstanding because the runner-up team from Washington only accumulated 87 points; many dual meets were cancelled because of inclement weather; many schools were closed. Two frosh wrestlers even had death in their families. In spite of the weather and other adversities, our Freshmen showed dedication and devotion by practicing almost every day.

The Titans entered the tourney of 16 city teams with only 11 of the 14 weight classifications. Some of the Frosh wrestlers were eliminated by grades, others because of the demands and disciplines required of Wrestling. Yet, those who endured were very special. They are without a doubt one of the classiest groups ever to win the Frosh city tourney. Following are members of the team:

Swim Assistants

In a school that is primarily known for basketball, football, and wrestling, Tech has a new sport. Swimming. The swim team consists of nine guys and one girl. Although the team was new it showed a lot of promise for next year with many underclassmen returning. Many of the people on the swim team helping as pool assistants. They hand out swim suits and towels.

There is also going to be a ballet class, teaching ballet in the water. Hopefully we will have enough students to have a competitive team.

"Asking for a loan used to embarrass me until I went to Indiana National. They made me realize that I was doing them the favor."

Walking through our front door is the biggest favor you can do for us. From there, it's up to us to "sell you" on using our loan services. Right now *we* need to make loans. So if *you* need money, there was never a better time than right now to come to Indiana National.

quoted by St. Paul (I Corinthians, XV. 33)

Seven cancers undermining the American republic in 1978:

1. no prizes for achievement in our children (athletics < ἆθλον, prize)
2. beggary of the American people through taxation (federal income and social security), federal subsidy, and inflation (tri-lateral commission)
3. stupid leaders who cannot avert problems before they arise
4. a lack of an agreed upon standard of human excellence
5. the cowardliness of the American people to risk personal Death for personal freedom (their toleration of nonsense)
6. the American government c. 700 billion dollars in debt — hence, creditors run the country, not the spiritually corrupted Congress
7. the ignorant Eighteenth century myth that some social groups identifiable by Blumenbach's racial theories of the 1770's should be accorded special privileges (merit and capital should dictate alone privilege)
